# MEMO

**TO:** Honorable City Council

**FROM:** Kevin Werner

**SUBJECT:** Fiscal Year 2023-24 Annual Operating and Capital Budget

**DATE:** July 6, 2023

The purpose of this memorandum is to summarize the proposed Fiscal Year 2023-24 Operating and Capital Budget for consideration and adoption by the City Council. At the start of preparing the FY 2023-24 Budget, a strategic planning workshop was held with the City Council. This discussion has provided the principal guidance for the preparation of the City budget, objectives, and actions to be undertaken during the upcoming fiscal year. The City's Proposed FY 2023-24 Budget is balanced, funds all debt service obligations, and funds critical deferred maintenance items.

The following table is a budget summary for each of the City's operating funds.

*FY 2023-24 Annual Operating Budget Summary*

	FY 2023-24 Revenue	FY 2023-24 Expenses	Proposed Transfers	Transfer Summary
General Fund	\$16,436,750	(\$15,546,444)	(\$843,832)	Transfer includes \$21,033 to CNG Capital Fund, \$69,799 to L&L Districts operating in the negative, \$475,000 to the Dept Capital Fund, \$118,000 to the Park & Rec Capital Fund, and \$160,000 to the CalPERS Contingency Fund.
Water Operating Fund	\$3,894,705	(\$2,900,520)	(\$994,185)	To Water Enterprise Capital Fund
Garbage Operating Fund	\$2,607,049	(\$2,504,745)	(\$102,304)	To Garbage Enterprise Capital Fund
Sewer Operating Fund	\$2,042,690	(\$1,384,063)	(\$658,627)	To Sewer Enterprise Capital Fund
Street and Road Operating Fund	\$1,992,050	(\$899,444)		Revenue surplus funds streets and roads capital projects.
Transit Fund	\$67,300	(\$74,978)	\$70,000	From LTF Transit funds
Redevelopment Obligations	\$927,000	(\$927,300)		
Landscaping & Lighting Districts	\$448,936	(\$462,223)	\$69,799	From General Fund to L&L Districts that operate in a deficit and do not have a fund balance.

## STAFFING ANALYSIS

Employee salary and benefits make up 55 percent of the City's operating expenses. As a result of the Great Recession and the significant decline in revenue that was being experienced at that time, 17 full-time staff positions were eliminated or not filled after an employee's departure. Since that time, there has been a focus on improving the efficiency of the existing work force before adding new staff positions by investing in technology that makes staff more efficient, maximizing the organizational structure to serve the public needs, and use consultants to complete short-term needs.

At this time, the City employs 88 full-time employees; of these employees, 12 full-time positions have been added since the Great Recession, as described below:

Dispatchers:	6
Sworn Police Officers:	2
IT Technician:	1
Non-Sworn Supervisor/Records Clerk:	1
Regulatory Compliance Staff:	2

The City of Ripon and City Lathrop entered into a dispatch services agreement in 2021 where Ripon will hire dispatchers necessary to provide dispatch services for the City of Lathrop's recently formed police department. In FY 2022-23, 6 new dispatch positions were added to the City of Ripon staff. The expense of these positions is reimbursed by the City of Lathrop.

The proposed FY 2023-24 budget includes adding 2 full-time and 2 part-time positions, as described below:

**Community Service Officer:** The Police Department currently has two Community Service Officers (CSOs) that are responsible for parking enforcement, animal control, property/evidence processing, code enforcement, and other administrative functions. By adding a third CSO position, it will allow staff to provide additional code enforcement patrols along with coverage when a staff member is out of the office. This change is projected to increase General Fund expenses by \$78,000.

**Dispatcher:** The City currently employs 12 full-time dispatchers that provide dispatch services to the Cities of Ripon, Lathrop, and Escalon. Last year, the City contracted with the City of Lathrop to provide dispatch services for the newly created Lathrop Police Department. At that time, a number of assumptions were made to determine the additional dispatchers needed to provide that service. After a year of dispatching, it is recommended an additional dispatcher is added to reduce the overtime currently being required to provide coverage. This change is expected to increase General Fund expenses by \$63,000, which would partially be offset with the reimbursement from Escalon and Lathrop for half the additional expense.

**Recycling Center Part-Time Worker:** The recycling center is operated in cooperation with the Ripon Unified School District. Currently, the school district provides volunteers that operate the recycling center during advertised hours. This budget proposes that the City hire two part-time workers to operate the recycling center for an additional 16 hours

a week outside of the current hours. This change is expected to increase the expense of the Garbage Operating Fund by \$15,000 and be partially offset by an increase in the volume of cardboard recycled. Also, staff will bring back an analysis of the effectiveness of this program after 12 months of operations.

**GENERAL FUND**

The General Fund is used to fund the police department, parks maintenance, recreation programs, library services, and other important community programs. If a budget surplus exists at the end of the fiscal year, the City Council determines how the surplus of funds is to be allocated. In years past, these funds have been strategically allocated to make investments in technology or facility improvements that save operational dollars and make existing staff more efficient. Also, surplus funds have been used to establish reserve funds to address street & road capital needs.

**General Fund Revenue**

For FY 2023-24, the projected overall General Fund revenue is \$16,436,750, as described below.

*FY 2023-24 General Fund Revenue Summary*

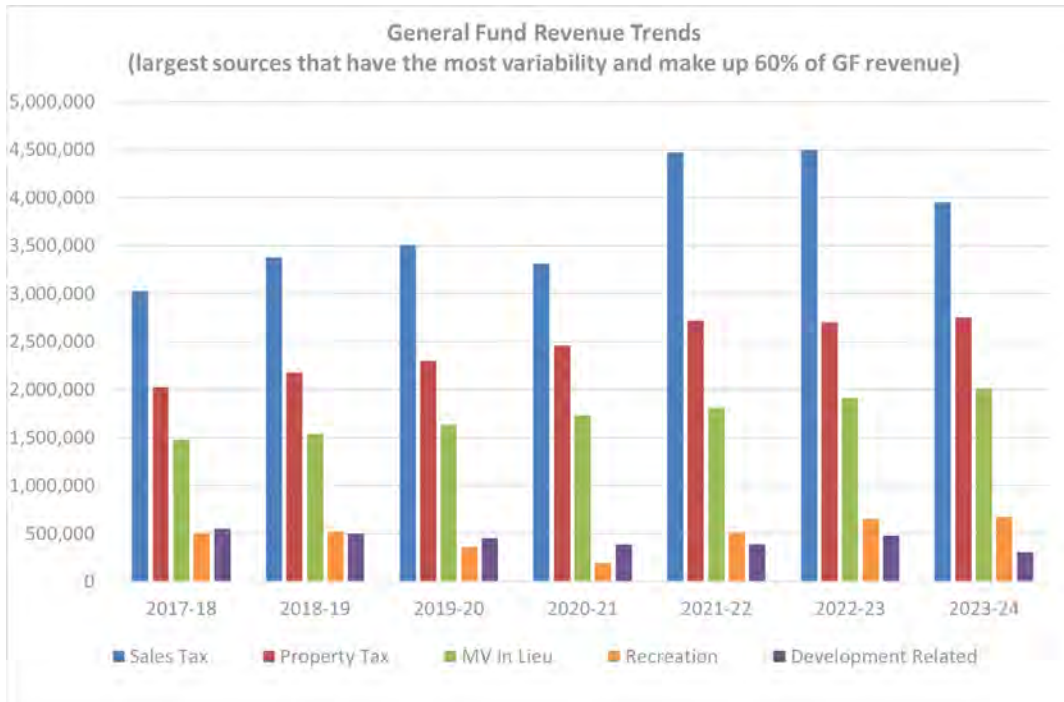

Source	FY 2023-24 Budget	FY 2022-23 Projected	Difference
Taxes	\$8,917,482	\$9,317,272	-4.3%
Licenses & Permits	\$1,099,520	\$1,223,036	-10.1%
Fees & Charges for Service	\$2,579,231	\$2,604,797	-1.0%
Interest, Rents, & Reimbursements	\$685,600	\$793,676	-13.6%
Overhead	\$3,084,667	\$3,149,166	-2.0%
Fines & Penalties	\$70,250	\$66,750	+5.4%
<b>Total</b>	<b>\$16,436,750</b>	<b>\$17,154,697</b>	<b>-4.2%</b>

Overall, General Fund revenue is being reduced by 4 percent from what is projected to be collected in FY 2022-23. The largest reductions in revenue are expected in sales tax and development revenue sources.

The figure below provides a high-level overview of the largest general fund revenue sources in this year’s budget and the trending of these revenue sources since FY 2017-18.

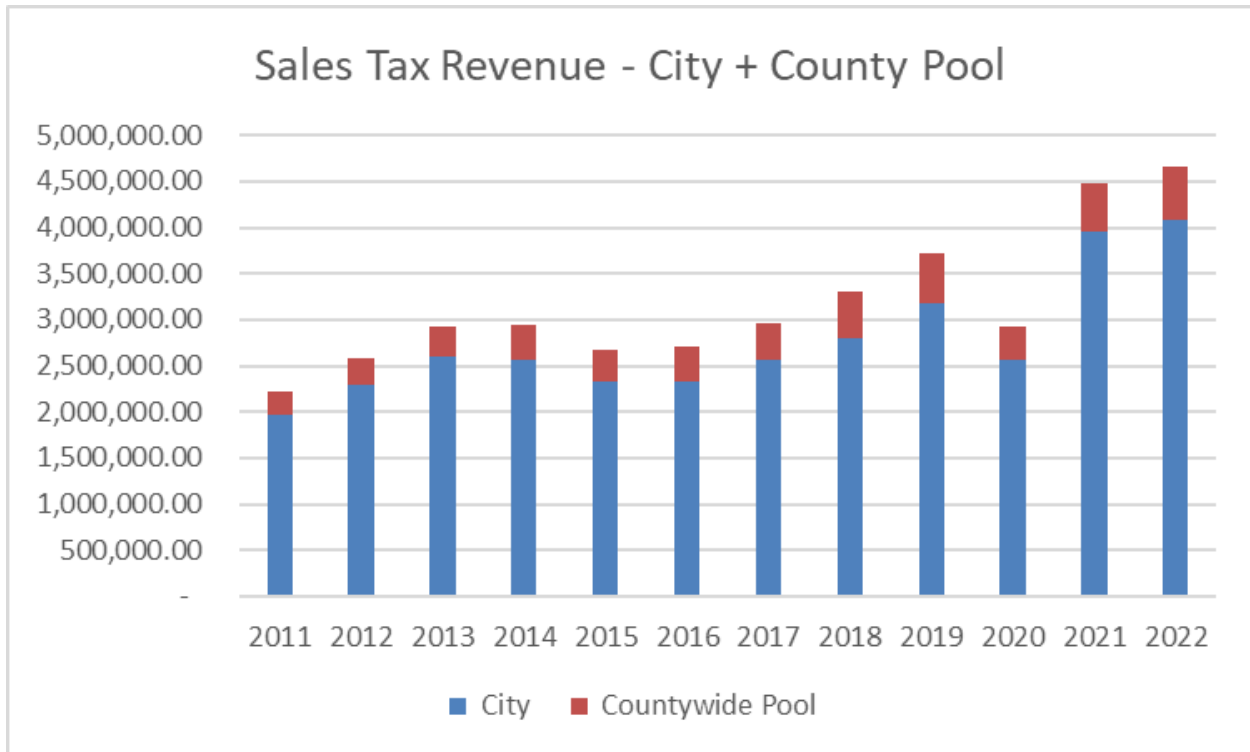

*General Fund Revenue Trends (by fiscal year)*

All have steadily increased over the last 6 years except for sales tax, recreation, and development related revenue sources. Sales tax and recreation revenue sources experienced a decline in FY 2020-21 because of the COVID-19 pandemic and then a sharp increase in revenue over the last two years. Development related revenue varies based on the projects being developed in Ripon. Because of the year-to-year variability of this revenue source, the budget includes a conservative estimate of future development related revenue.

**Sales Tax Revenue.** Traditionally, the City receives one percent of all over-the-counter transactions within the City of Ripon, known as the Bradley-Burns rate. Additionally, the City receives a share of sales tax through the San Joaquin Countywide pool. The revenue from this pool has more than doubled since 2011, largely a result of revenue from businesses that conduct on-line sales and are required to remit a Transactions and Use Tax for those transactions. From the year 2011 to 2022, the City’s share of the pool has increased from \$251,000 in 2011 to \$590,000 in 2022, as shown in the figure below.

*General Fund Sales Tax City Collected vs. Countywide Pool (by calendar year)*

California currently collects this use tax from on-line sales through what is called “Origin Sourcing”, where the use tax for the purchased goods that are shipped to a purchaser are generally sourced to the location of the business or if it’s an out-of-state business, to the countywide pool. It is more common for states to use a sourcing means of “Destination Sourcing”, where the use tax for the purchased goods are submitted to the location where the merchandise is received. At some point in the future, California may transition to the more common Destination Sourcing, which would change how the City of Ripon is distributed this use tax.

Sales tax revenue currently makes up 24% of the City’s General Fund revenue, of which a large percentage is collected from the sale of fuel in Ripon. Governor Newsom has issued an executive order requiring sales of all new passenger vehicles to be zero-emission by 2035. As the automobile industry transitions to producing cars powered with alternative fuel sources, this could have a significant impact on sales tax revenue for the City of Ripon. Therefore, the City has focused on economic development activities to increase sales tax revenue from other sales tax categories, thereby reducing the percent of sales tax revenue relied on by the City from the sale of fuel. As a result of these efforts, the percent of sales tax revenue from the sale of fuel has been reduced from 63 to 45 percent over the last 10 years.

The FY 2023-24 proposed budget assumes growth in sales tax revenue decrease of 12% as compared to FY 2022-23.

**Property Tax Revenue.** Property taxes have been a stable source of general fund revenue. The last time the City experienced a decline in property tax revenue was during the Great Recession and during that time, the reduction was much smaller and recovered faster than other cities located in the area.

The FY 2023-24 proposed budget assumes an increase in property tax revenue of 2% as compared to FY 2022-23.

**Motor Vehicle in-lieu Revenue.** The State collects Vehicle License Fees (VLF) that are allocated to cities on a per capita basis. In 2004, the California Legislature permanently reduced the VLF rate from two percent to 0.65 percent and compensated cities and counties for their revenue loss with a like amount of property taxes, dollar-for-dollar. The City’s property tax in lieu of VLF allocation increases annually in proportion to the growth in gross assessed valuation in Ripon, so its growth rate is similar, but not identical, to secured property tax.

The FY 2023-24 proposed budget assumes an increase of Motor Vehicle in-lieu revenue of 5% as compared to FY 2022-23.

**General Fund Expenses**

Nearly 55 percent of the general fund budget is related to employee expenses such as salary, healthcare, workers compensation, and retirement benefits. Each year the City evaluates staffing levels and makes adjustments as needed to ensure the staffing levels are sufficient to provide a level of service to the residents and businesses in Ripon that is in line with the City Council priorities.

For FY 2023-24, the projected overall General Fund operating expenses is \$15,546,444 (not including transfers), as described below.

*FY 2023-24 General Fund Expense Summary*

Department	FY 2023-24 Budget	FY 2022-23 Projected	Difference
Legislative	\$408,589	\$393,791	+3.8%
Administration	\$2,011,973	\$1,716,217	+17.2%
CNG Fueling Station	\$138,967	\$187,827	-26.0%
Building	\$443,343	\$409,612	+8.2%
Planning	\$306,733	\$351,635	-12.7%
Engineering	\$357,372	\$379,721	-5.9%
Police	\$9,158,276	\$8,699,848	+5.3%
Parks	\$1,613,850	\$1,520,316	-6.1%
Recreation	\$810,089	\$750,792	+7.9%
RDA Successor Agency	\$252,643	\$249,515	+1.3%
Almond Blossom	\$44,608	\$31,656	+40.9%
<b>Total</b>	<b>\$15,546,444</b>	<b>\$14,690,930</b>	<b>+5.8%</b>

The following summarizes the largest changes in budgeted expenses as compared to FY 2022-23:

- Administration Department: Expenses are projected to be 17.2 percent higher as compared to last fiscal year. This change was a result of increases in liability and property insurance deposits.
- CNG Fueling Station: Expenses are projected to be 26 percent lower as compared to last fiscal year. This change was a result of a one-time regulatory expense the City was required to pay in FY 2022-23.
- Planning Department: Expenses are projected to be 12.7 percent lower as compared to last fiscal year. This change was a result of lower legal fees.

Retirement Benefits

The City of Ripon is unique to other California cities where only the City’s sworn police officers receive a CalPERS defined benefit retirement plan. A defined benefit plan provides a guaranteed income after retirement based on the employee’s salary and years of service. While the employee is working for the City, the City is required to pay CalPERS the “Normal Cost” to fund the future retirement payments of each employee. The Normal Cost is calculated based on a number of actuarial assumptions, including investment interest rate and mortality.

In addition to the Normal Cost, the City is charged an “Unfunded Actuarial Liability (UAL)”. This represents the difference between what was paid through the Normal Cost to the current calculated amount needed to fund a retired employee’s retirement compensation. CalPERS has made certain changes to their actuarial assumptions that have significantly increased pension liabilities to cities – most notably, reducing the assumed interest earned on investments from 7.5 percent to 7.0 percent and shortening the amortization period from 30 years to 20 years.

The table below summarizes the City’s contribution to CalPERS for the Normal Cost and UAL for FY 2023-24:

Category	Benefit	# Employees	FY2023-24 Employer Compensation Rate	FY2023-24 Employer Compensation Amount	
				Total	\$/Employee
Tier 1	3%@50	8	60.6%	\$618,227	\$77,278
Tier 2	3%@55	1	22.8%	\$22,960	\$22,960
Tier 3	2.7%@57	16	13.5%	\$201,215	\$12,575

The City Council has recently approved moving forward with a Section 115 Retirement Trust, which is a tax-exempt investment vehicle authorized by the Internal Revenue Service to prefund government expenses such as retirement plan benefits. Assets held within the trust are designated as irrevocable, meaning that the assets must be used to fund the City’s defined benefit retirement plan obligations. Monies placed within the trust may be invested according to rules

governing the trust, which are different than the investment rules the City is required to follow for the City’s pooled investments such as LAIF and Bank of New York.

Because of the rules associated with the trust, in theory, the funds placed within a trust can earn a higher rate of return than if the City invested the funds. Funds placed within the trust can remain within the trust until such time that the City chooses to draw on its assets to pay an annual benefit obligation (e.g., reimburse Normal Cost or UAL payment to CalPERS).

All other City employees receive a “defined contribution” retirement plan, similar to a private 401k plan. With these types of retirement plans, the City does not experience the unfunded liability as with the defined benefit retirement plans. The City provides employees with 15 percent benefit, plus will match up to 3.3 percent, if the employee contributes 6.6 percent. The following table summarizes the expense associated with the City of Ripon’s defined contribution plan:

Category	# Employees	FY2023-24 Employer Contribution	FY2023-24 Employer Compensation Amount	
			Total	\$/Employee
City Contribution	65	15-18.3%	\$873,632	\$13,440

General Fund Transfers

The following summarizes the General Fund transfers included in the FY 2023-24 budget:

*Department Capital Fund: \$475,000*

The purpose of this transfer is to fund the future capital replacement of items such as vehicles, computers, etc.

*Parks Capital Fund: \$118,000*

The purpose of this transfer is to fund the future capital replacement of items such as vehicles, mowers, playgrounds, etc.

*CNG Capital Fund: \$21,033*

The rate Compressed Natural Gas is charged at the City’s fueling station is structured that a certain amount of the revenue collected is transferred to a capital fund to replace capital items associated with the fueling station in the future.

*CalPERS Contingency Fund: \$160,000*

The City of Ripon’s redevelopment successor agency refunded bonds at a lower interest rate that will generate a savings of \$800,000 to the General Fund over a 5-year period. The City Council has designated the savings to be transferred each year to the CalPERS Contingency Fund.

*Landscape Districts: \$69,799*

The City of Ripon currently maintains 10 landscape districts where property owners within that district fund the landscape maintenance through an annual assessment. For the landscape districts that were established during a time when the assessments were not indexed, a structural deficit exists and funds from the General Fund are transferred each year to eliminate the deficits.

## Capital Outlay

The following summarizes the General Fund capital outlay items being funded through the Department Capital Fund for FY 2023-24:

### *FY 2023-24 General Fund Capital Outlay*

**STREETS AND ROADS OPERATING FUND**

The City of Ripon, like many other cities throughout California, is facing a challenge maintaining streets and roads due to funding limitations. There are many City streets that were built years ago that are nearing their useful life. Some of these streets, if maintained properly, will last for many more years. Other streets need to be reconstructed due to the structural failure of the street section.

Revenue from gas taxes is primarily used to fund the City’s street and road maintenance program. Prior to the passing of the Road Repair and Accountability Act of 2017 (Senate Bill 1), the gas tax rates approved in the mid-1990s have not been sufficient to maintain streets and roads. Because of this funding shortfall, Ripon like most California cities, focused the limited revenue on preventing asphalt from failing and requiring expensive reconstruction of the street section. Unfortunately, this approach did not address the worst roads in Ripon. To address these roads, the City Council established a policy in 2015 to transfer 33 percent of any General Fund surplus to a Street and Road Reserve Fund to fund the reconstruction of roads that have failed.

As part of the 2021 strategic planning workshop, the City Council discussed how to further increase the funding to reconstruct the worst roads in Ripon without ignoring the preventative maintenance needed for roads that are currently in good condition, so they do not eventually degrade to a condition that requires expensive reconstruction. Since the City’s annual funding has increased from Senate Bill 1, the City Council directed staff to split the revenue surplus each year from the Street & Road Operating Fund evenly between preventative maintenance and reconstruction capital projects.

Below is a summary of the proposed street and road capital projects over the next three years.

*3-Year Street and Road Capital Project Summary*

	<b>Preventative Maintenance</b>	<b>Reconstruction</b>
FY 2023-24	<b>3-Layer Treatment: \$1,000,000</b> Madsen/Manor/Stuart/Baker/Van/Sixth  <b>Overlay: \$1,500,000</b> River Rd Overlay	
FY 2024-25	<b>3-Layer Treatment: \$800,000</b> Denise/Jennifer/Stanley/Johanna/Kinger y/Novell/Busman	<b>Reconstruction: \$500,000</b> Cobblestone Court
FY 2025-26	<b>3-Layer Treatment: \$800,000</b> Key/Quiet/Prospect/Washington/Ripona /Ridge/Sunshine/Hillside	<b>Reconstruction: \$2,300,000</b> Locust Ave b/w Main St and Second St

**ENTERPRISE FUNDS**

The City of Ripon has three enterprise funds: water, sewer, and garbage. Enterprise funds are operated by the City in a “business-type” manner and the City charges customers for services provided through these enterprises.

In 2020, the City evaluated the adequacy of the revenues for the five-year period of 2021 through 2025 to meet projected expenditures of the enterprise funds and determined the rate increases that were necessary. Rather than having these approved rate increases take effect each year automatically, the City Council directed staff to prepare a report each year on the financials of each enterprise fund prior to the approved rates being implemented to determine if the full rate increase is necessary.

There are two changes that will have a significant impact on the 2020 approved annual rate adjustments that will need to be revisited this year as part of the annual financial report, (1) an increase in garbage regulations that will increase solid waste disposal fees beyond what was included in the 2020 analysis and (2) an increase in revenue needed to bond for the construction of a pipeline to connect to the South County Water Supply project.

The table below is a summary of the FY 2023-24 City’s enterprise funds operating budget:

*FY 2023-24 Annual Enterprise Fund Budget Summary*

	<b>FY 2023-24 Beginning Balance</b>	<b>FY 2023-24 Revenue</b>	<b>FY 2023-24 Expenses</b>	<b>FY 2023-24 Transfer to Ent. Capital</b>	<b>FY 2023-24 Ending Balance</b>
Water Operating	925,000	3,894,705	2,900,520	994,185	925,000
Sewer Operating	710,000	2,042,690	1,384,063	658,627	710,000
Garbage Operating	210,000	2,607,049	2,504,745	102,304	210,000

As part of each fund’s rate structure, a certain amount of revenue is to be transferred to the enterprise capital fund for the maintenance of each fund’s infrastructure and capital items.

Capital Outlay

The following table summarizes the proposed capital outlay for the Enterprise Fund capital purchases for FY 2023-24:

*FY 2023-24 Annual Enterprise Fund Capital Outlay Budget Summary*

<b>Water Enterprise Capital (Bal: \$7 million)</b>	<b>FY 2023-24</b>
Truck – Standard Service Body - 50/50 split (22-23)	\$34,000
Truck – Standard Service Body - 50/50 split	\$34,000
Service Truck with Hoist – 50/50 split	\$104,500
<b>Total</b>	<b>\$172,500</b>
<b>Sewer Enterprise Capital (Bal: \$2 million)</b>	<b>FY 2023-24</b>

**Total**

**\$1,000,000**

(22-23): Indicates item previously included in the FY 2022-23 budget, but funds have not yet been expended.

### LANDSCAPING AND LIGHTING DISTRICTS

The City levies and collects special assessments on parcels in order to fund the maintenance and servicing of landscaping improvements within 10 landscape districts and the maintenance and servicing of street lighting throughout the City. At the time each of these districts were established, an engineer’s report was prepared that estimates the cost to maintain and service each district and distributes those costs to each parcel based on the calculated benefit.

Below is a table summarizing the proposed FY 2023-24 budget for each district.

#### FY 2023-24 Annual Landscape and Lighting District Budget Summary

- a. The City Council approved a temporary reduction in the assessment. The calculated 2023-24 full assessment is \$305.14 per parcel.
- b. The City Council approved a temporary reduction in the assessment. The calculated 2023-24 full assessment is \$249.54.
- c. The City Council approved a temporary reduction in the assessment. The calculated 2023-24 full assessment is \$578.44.

At the time of establishing 6 of the districts, the indexing of the assessment was not included and over time the cost to maintain the district has exceeded the revenue generated from the assessments. For 4 of these 6 districts, General Fund revenue is transferred to the district to continue to maintain and service these districts. For 2 of these 6 districts, expenses to maintain the district have exceeded the revenue generated from the assessments, but the available fund balance is used to offset the annual deficit.

There are currently 4 landscape districts that included the indexing of the assessments each year when the district was established. As part of the budget process, each of these district’s finances are evaluated to determine if an increase in the assessment is necessary so the revenue generated is sufficient to cover the expenses and a sufficient fund balance is available for future capital replacement (e.g., fences, irrigation controllers, etc). The Carolina’s Maintenance District and Alexandra Maintenance District are the two districts where an increase to the assessment is

proposed because expenses exceed the revenue and a sufficient balance for capital replacement has not yet been reached.

The Ripon Lighting District was transferred from San Joaquin County to the City in 2004. The fund balance of the district started nearly \$300,000 in the negative after various capital expenses and purchasing certain lights from PG&E. A bond was also approved to switch out City-owned lights from high pressure sodium to induction to save expenses on energy and maintenance. The last bond payment for this debt was made in FY 2021-22. The projected fund balance at the end of the FY 2023-24 is \$15,165
