**NOTES:**

---

<sup>1</sup> **RMC 12.12.040 Fees and deposits.** For any work requiring an encroachment permit, the applicant shall pay the applicable fees pursuant to RMC 17.16.060. The engineering supervisor, in his or her sole discretion, shall review the nature of the project and determine the amount required to guarantee completion of the right-of-way restoration and/or ensure satisfactory removal of USA markings. The applicant shall then be required to deposit cash or a cashier's check with the city clerk in an amount sufficient to cover the cost of the installation and/or the removal of all USA markings as estimated by the engineering supervisor. Upon satisfactory completion of the work and/or removal of USA markings, the amount of cash or cashier's check deposited shall be returned to applicant
